

CITY OF HAYWARD
AGENDA REPORT

AGENDA DATE 05/08/01
AGENDA ITEM 3
WORK SESSION ITEM _____

TO: Mayor and City Council
FROM: Director of Community and Economic Development
SUBJECT: FY 2001-02 / 2002-03 Category A Social Services Funding Recommendations

RECOMMENDATION:

It is recommended that the City Council adopt the attached Resolution allocating \$350,000 from the City General Fund for 2001-02/2002-03 to support the social service programs identified in Exhibit A of the Resolution.

BACKGROUND/DISCUSSION:

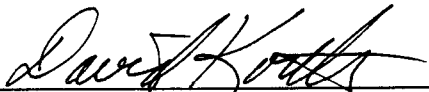

On May 1, 2001 a Work Session conducted by City Council to discuss the recommendations of the Human Services Commission (HSC) and staff. Some questions were raised at that time about the HARD Youth Enrichment Program (YEP) which required further research and clarification.

It was noted that the \$19,500 recommended by both the HSC and staff was significantly less than the \$44,100 requested for this project. Concern was raised about whether or not the recommended amount would be sufficient to operate the program. During the proposal review process the applicant indicated that \$20,000 would be sufficient to continue the program. The additional \$24,100 would allow YEP to expand its staff and serve more youth over a longer period of time. In order to support new programs and continue other important projects, the HSC and staff recommend that the project be funded at its current level of support which is \$19,500.

Attachment A to the Work Session report erroneously described the YEP project as being located at Ruus Elementary School. The application was a request for continued support of the YEP program at Longwood Elementary school. Consequently, a different population of youth will be served than that served by the Eden Youth and Family Center.

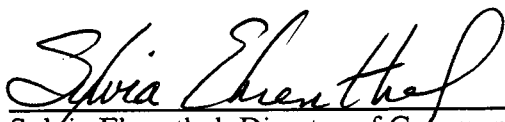

Attached is the staff Work Session report. Attachment A of that report is a summary chart of the submitted applications and the recommendations of both the Human Services Commission and staff. Attachment B provides a more detailed description of each of the proposed projects, a brief history of past funding by the City, and the rationale for the HSC and staff recommendations.

CITY OF HAYWARD
AGENDA REPORT

AGENDA DATE 05/01/01

AGENDA ITEM _____

WORK SESSION ITEM WS 3

TO: Mayor and City Council

FROM: Director of Community and Economic Development

SUBJECT: FY 2001-02/2002-03 Category A Social Services Funding Recommendations

RECOMMENDATION:

It is recommended that the City Council reviews and comments on the following report regarding Category A Social Services funding for FY 2000-01/2002-03.

BACKGROUND:

On November 1, 2000, the City of Hayward announced the availability of \$350,000 annually in Category A funds to help non-profit organizations to provide needed social services to the Hayward Community. In keeping with the two-year budget plan approved by Council, funding decisions also cover a two-year period, however, just like the City's own budget, funding for the second year only takes effect upon approval of the FY 2002-03 budget.

The Proposal Review Process

A total of thirty-one (31) applications were submitted by the January 16, 2001 deadline, totaling \$850,653. Each member of the Human Services Commission (HSC) and City staff reviewed the proposals using the Guidelines for the Distribution of Social Services Funds and the Social Services Proposal Rating Criteria adopted by City Council. The Commission as a whole and CED staff then developed written questions for the applicants designed to clarify questions that arose while reading the proposals.

The Proposal Review Committee (PRC) of the Human Services Commission and CED staff interviewed the 31 applicants. The interview process enabled the Commissioners and staff to obtain a better understanding of the projects being proposed and the capabilities of the applicants. Following this, the entire Commission established its preliminary funding recommendations, as did City staff. Both the Commission and staff's recommendations were then distributed to the applicants.

An Appeals Hearing was then conducted on March 21, 2001. This provided an opportunity for applicants to respond to either the Commission's or the staff's preliminary recommendations. Seven applicants sent representatives to appeal in person at the hearing, and one additional applicant, that could not send a representative, submitted a written appeal that was read at the hearing. The Commission and City staff considered all the appeals when developing funding recommendations.

Discussion of the HSC's and Staff's Final Funding Recommendations

The HSC is recommending funding for twenty-two (22) projects and staff is recommending funding for twenty-one (21) projects; there are also differences between the HSC and staff in terms of the amounts being recommended.

The Human Services Commission felt strongly that the application submitted by St. Rose Hospital should be funded in the amount of \$27,000 (the minimum identified by the applicant that would still make the project feasible). The Commission also felt strongly that the application submitted by the SAVE-WINGS Project should receive some level of support. The \$7,200 recommended, while less than the amount requested, was the most the Commission was able to identify without having a greater impact on other applicants. Given these decisions, the HSC recommended the amounts shown on the chart below for the applications submitted by La Familia, Legal Assistance for Seniors, St. Joseph's Center for the Deaf and Hard of Hearing, and Salvation Army.

Applicant	HSC Recommendation	City Staff Recommendation
La Familia Counseling Services	\$27,700	\$31,900
Legal Assistance for Seniors	14,500	17,500
St. Joseph's Center for the Deaf and Hard of Hearing	10,000	16,700
<i>St. Rose Hospital</i>	<i>27,000</i>	<i>15,600</i>
Salvation Army	20,000	20,950
<i>SAVE – Wings</i>	<i>7,200</i>	<i>0</i>
Spectrum Community Services	15,000	18,750

The HSC and City staff attempted to achieve a balance between supporting previously funded programs and programs that are not currently funded by the City. Of the applicants recommended for funding, five (5) are not currently receiving funding from the City. These are:

- ◆ Proposal No. 5 - Chabot College – *National Youth Sports and Education Program*
- ◆ Proposal No. 8 - Child Care Coordinating Council (4C's) – *Child Care Initiative Project*
- ◆ Proposal No. 24 - St. Joseph's Center for the Deaf and Hard of Hearing – *Clinical Mental Health Counseling*
- ◆ Proposal No. 25 - St. Rose Hospital – *Silva Pediatric Dental Clinic*
- ◆ Proposal No. 30 - Spectrum Community Services – *In-Home Volunteer Support Services*

Secondary Consideration List

On occasion an applicant that has been allocated City funds later discovers that it is not possible to fulfill City contract requirements and the funds allocated become available for redistribution. In the event this occurs, a Secondary Consideration List is developed consisting of applicants that either the Commission or staff feel should be supported if and when funds become available.

Two applicants are being recommended for the Secondary Consideration List. The Kid's Breakfast Club is recommended by both the Commission and City staff. The Teens in Crisis is recommended for the Secondary Consideration List only by the HSC. Both the Commission and staff agree that the issues of youth violence and gang prevention are important to address. However, staff feel that the proposal submitted by Teens in Crises should not be supported and not be placed on the Secondary Consideration List for two reasons:

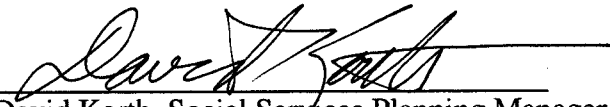

- ◆ The application submitted by Teens in Crisis proposes to build upon a base program that is completely dependent on State funding. Because of the State's unclear guidelines, the agency has incurred substantial un-reimbursable expenses. Consequently, the financial stability of the base program and, therefore, the proposed project, is of concern.
- ◆ The base program that Teens in Crisis operates is designed to serve "first-time offenders" in an effort to divert them from a life of violence and crime. The proposed project appears to combine these first time offenders with older, more criminally experienced, individuals. Many experts in the criminal justice system do not recommend this approach.

A summary chart of all the Human Services Commission and City Staff's final recommendations is provided as Attachment A. A brief description of each proposal and the rationale for both the Commission and staff's recommendations is provided as Attachment B.

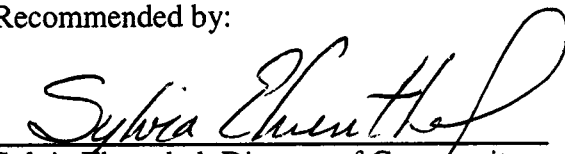

Next Steps

The City Council is scheduled to conduct its Social Services Funding Public Hearing and make final funding decisions at its regular meeting on May 8, 2001.
